The Center for Monetary Policy and Financial Stability (CeMoF) at Stockholm University and the Research Division at Sveriges Riksbank will organize a joint workshop for PhD students, to be held at the Riksbank on May 15<sup>th</sup> 2023. The workshop offers PhD students the possibility to present papers within the fields of monetary policy and financial stability. Each presentation will be followed by a discussion given by a researcher from CeMoF or the Riksbank.

We welcome theoretical as well as empirical papers, and will consider both completed papers and preliminary drafts. Submissions of papers written solely by PhD students are particularly encouraged. Papers will be selected by the organizing committee, which consists of Niklas Amberg (Sveriges Riksbank, CeMoF), Daria Finocchiaro (Sveriges Riksbank, CeMoF), Kurt Mitman (IIES, CeMoF), Ciaran Rogers (IIES, CeMoF) and Roine Vestman (Stockholm University, Sveriges Riksbank and CeMoF). Authors will be notified of the committee's decision by April 9<sup>th</sup>, 2023 at the latest.
