

Get your wallet ready

The Riksbank recommends that the general public has access to several different payment methods to enable payments if one method does not work.

SEK 1,000 in cash in various denominations

Mobile payment service, such as Swish

Two cards from different card networks, such as Mastercard and Visa.
Remember your PINs!

Everyone has a responsibility, as far as possible, to prepare for a crisis situation. Ensuring access to multiple payment options increases the possibility of being able to pay even if one of the options does not work.
