

## EUROPEAN SYSTEM OF CENTRAL BANKS

# 2025 WIRE First Annual Workshop

Thursday, 5 June 2025

Sveriges Riksbank is organizing the first annual research workshop of the Women in Research in the European System of Central Banks (WIRE) Network, which will take place in Stockholm, Sweden, on June 5, 2025. The aim of the workshops is to provide an informal forum for female ESCB researchers to present their work, exchange views and networking.

### Submissions

We would like to invite submissions from all active ESCB female researchers working on topics that are in line with the ESCB mission. Authors are invited to submit theoretical and empirical papers mainly in the areas of monetary policy (MP), financial stability (FS), inflation drivers and dynamics (ID), macro-finance (MF), financial intermediation (FI), labor economics, competitiveness and structural changes (LCS) and international macroeconomics (IM).

Submission deadline: **March 10, 2025**      Registration form: [here](#)

If you cannot access the registration form, submissions papers can also be sent as a PDF document to: [wire.escb@gmail.com](mailto:wire.escb@gmail.com)

In that case, please specify the subject "*WIRE workshop submission*", indicate which of the subject areas (MP, FS, ID, MF, FI, LCS and IM) your paper most closely belongs to, and if your contribution is primarily theoretical or empirical. Please also specify the year and institution of your PhD graduation.

ESCB female colleagues working towards the completion of their PhD in economics or finance are invited to submit their work to a [poster session](#).

Papers will be selected based on academic quality, policy relevance and fit within sessions. Work featuring collaboration across ESCB institutions and drafts from junior researchers are encouraged. Authors of accepted papers will be notified by early-April 2025.

## About the Network

WIRE stands for *Women in Research in the European System of Central Banks* (ESCB). The goal of the WIRE network is to encourage a variety of viewpoints in economic research and policy-making, by offering networking opportunities to women within the ESCB, and by showcasing their research on topics that are in line with the ESCB mission.

ESCB researchers are welcome to express interest in participating in the workshops as discussants or as observers, even if they do not submit a paper. The participation as observers is encouraged, irrespective of age, disability, ethnicity, gender, gender identity, race, religious beliefs, sexual orientation, or other characteristics.

Please note that it may not be possible to accept all applications to attend a workshop if demand exceeds the space available.

If you would like to sign-up to receive information about the network activities, please use this [registration form](#) or send an email to [wire.escb@gmail.com](mailto:wire.escb@gmail.com) specifying in the subject “**sign-up to WIRE**”. In the body of the email please report your full name, institution, department and personal webpage. Please also indicate up to two subject areas (MP, FS, ID, MF, FI, LCS and IM) which best relate to your research field and the year and institution of your PhD graduation.
