# Evaluation of Sweden's monetary policy 2015–2024

The General Council welcomes the Committee on Finance's regular evaluations of the Riksbank's monetary policy.

The evaluation of Sweden's monetary policy 2015–2024 is important as part of the review of the Riksbank's activities. For the General Council, the results of the evaluation may highlight issues that may be relevant to the Council's control and audit function.

However, the Council refrains from commenting on the descriptions, conclusions and recommendations of the evaluation.

On behalf of the Riksbank

Bo Broman  
Chair of the General Council

Eva Forssell  
Senior Legal Adviser

The decision was taken by the General Council (Bo Broman [Chair], Tomas Eneroth [Vice-Chair], Malin Löfsjögård, Lena-Karin Lifvenhjelm, Mathias Tegnér, Hans Birger Ekström, Hans Hoff, Linda Lindberg, Jonas Jacobsson Gjørtler, Emma Lennartsson and Ali Esbati) after a presentation by Senior Legal Adviser Eva Forssell.
